

It is my understanding that the proposal to expand the broadcast service, known as LPFM, will force many FM translators off the air. I am writing on behalf of KLOVE radio station that could be effected. As a supporter of KLOVE I would like to share the value added to my community as well as many others. KLOVE provides family save programming with positive and encouraging words and music. This radio station brings positive thoughts and has a calming effect when stuck in traffic. Most importantly KLOVE has brought many people from dispair and has provided them the light of salvation. I encourage the FCC to seriously consider these factors. With all the chaos, crime and evil that exists in society today, we all need something encouraging.
